*Earlybird prices valid through
Feb 15. After Feb 15, see
website for current deals.

Katie Lutz • Adventure Outpost Director

I can't believe how much I love my daughter Maggie. I recently became a mom for the first time. My life, along with that of my husband Brian, will never be the same. As I was snuggling Maggie one night I thought about the fact that no matter how much I love this little girl and would do anything for her, God would do more. His love is bigger. Those are the lenses that the Adventure Outpost Team looks through as we minister to youth. We seek to love them the way that God loves them. — *on staff since 2006*

Chad Rich • Leadership Lab Director

In high school, I didn't feel I had anyone to confide in when I started asking questions about life, God, who I am and what I am here for. I was afraid of feeling judged. God felt distant.

After years of wrestling with God, I now know He is truly a loving God. And not because I was told, but because I experienced it in my life, in times of struggle and blessing.

While in the middle it was hard to remember that God is good. Thankfully, others reminded me of this truth. That's probably why Heidi and I like Lab so much. We walk alongside Labbers as they ask their questions. Then, together, we seek satisfying answers. That's Lab. — *on staff since 2000*

Let us walk with you...
